PLESS ESTATES COMPLAINT

Rejected By League Council

(Special to "Hong Kong Daily Press")
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894, received, January 20, 4.30 a.m.)

Geneva, Jan. 10.—The complaint lodged by Prince Henry of Pless against the sequestration of his estates in Polish Upper Silesia following the Prince's refusal to pay exorbitant taxes totalling 11 million zloty, was rejected by the League Council on Friday on the grounds that the measures taken by the Polish authorities against the Prince were not of a discriminatory nature and did not constitute violation of the German-Polish agreement concerning Upper Silesia.

The report approved by the Council stresses that the Committee entrusted with examining the matter had not dealt with the question as to whether the tax demands made on the Prince were justified or not. It is no secret that the experts had originally been inclined to support the Prince's claims but that political considerations finally prevailed and led to a negative decision. A few minutes after giving the decision in the Pless case, the Council by a coincidence resolved to refer the complaints lodged by the Greek authorities in Albania to the International Court of The Hague.

GIANT AIRSHIP TO BE BUILT

America - Europe Service

(Special to "Hong Kong Daily Press")

Friedrichshafen, Jan. 19.—Great satisfaction is felt here at the news just received from Washington that President Roosevelt has consented to build a giant airship of the Zeppelin type costing five million dollars for installation in the regular passenger service between Europe and the United States.

Thus the dream of the late Count Zeppelin that air lines would one day cover the bridge gaps between continents and carry humans all over the world is brought nearer and nearer to realization.

SOUTH WEST AFRICA

Administration As Fifth Province

(Special to "Hong Kong Daily Press")
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894, received, January 20, 4.30 a.m.)

Cape Town, Jan. 19.—A deputation from South-West Africa called on General Hertzog on Friday in order to represent that time has come for South-West Africa to be administered as the fifth province of the South African Union.

General Hertzog, Premier of South Africa

According to a semi-official statement issued here, the deputation was informed by the Premier that the suggested action raised serious and delicate issues, the fact that the territory is under a mandate rendering the matter still more complicated.

This statement is interpreted here to mean that the incorporation is not officially contemplated.

(Special to "Hong Kong Daily Press")

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894, received, January 20, 4.30 a.m.)

Belgrade, Jan. 19.—Under the slogan "down with dictatorship" several hundred Communist students who had gathered in front of the University proceeded to the "Cafe Moscow". A regular scuffle ensued between the police and the students in front of the cafe. The guardians of the law made free use of the butt end of their rifles and arrested a number of the demonstrators.

SISTO RESCUE
HEROISMMedals For German
Sailors[Special to the "Hong Kong Daily
Press" (Copyright).]

London, Jan. 18.
The City of London was the scene of a ceremony of unusual interest on Thursday when the crew of the Hamburg-America steamer New York were presented by the world-famous insurance society, Lloyds, with the Society's medal for saving lives at sea. Before the presentation at Lloyds' offices a reception in the crew's honour was given by the Corporation of the City of London where the Lord Mayor in robes and chain of office greeted the first officer, Wiesan and his gallant men by shaking each by the hand and expressing his appreciation of their bravery. Rousing cheers greeted the German sailors soon afterwards when they entered the big hall at Lloyds. After the German Ambassador and the directors of Lloyds had ascended the platform the chairman addressed the gathering stating that they had assembled in order to honour men who had done such courageous acts in rescuing the crew of a Norwegian steamer. After a detailed description of the daring rescue, the Chairman concluded by declaring that the new deed of heroism had been inscribed in the glorious annals of seafaring. The Chairman then handed Wiesan a silver medal and the remainder of the crew the Society's bronze medal, while Captain Mascke, representing the Hamburg-America line, was given a bronze tablet describing the act of rescue which will be affixed in a prominent position on board the steamer New York.

After brief speeches of thanks by Wiesan and Mascke the German Ambassador Hoechst rose up and spoke. He expressed Germany's appreciation of the great honour shown to his countrymen by the Chairman and committee of Lloyds. Rousing cheers greeted his announcement that he had received a telegram from Baron von Neurath, the contents of which he then read aloud. The German Foreign Minister stated in the despatch that he regarded the honour accorded to German seamen abroad as pleasing evidence of the high esteem extended internationally to German sailors for their self-sacrifice and readiness to assist others in distress, as shown by the rescue of the crew of the Sisto.

TRANSFER OF
THE SAARNo Insuperable
Obstacles[Special to the "Hong Kong Daily
Press" (Copyright).]

Berlin, Jan. 18.
There ought to be no insuperable obstacles to the solution of the questions remaining to be settled in connection with the transfer of the Saar territory to the Reich says the "Diplomatische Korrespondenz" which points out that the clarity of the League of Nations' decision that the reunion is to take place on March 1 precludes any ambiguity arising. Declaring that the French Foreign Minister's view that these questions are "delicate and difficult" is not shared by German authorities if they are approached in the same spirit which characterized previous Franco-German negotiations with the Saar Committee under Baron Aloisi, the semi-official organ goes on to state its appreciation of the loyal manner in which M. Laval has observed the provisions of the Treaty regarding the Saar Plebiscite, as well as his acknowledged maintenance of the order and discipline maintained by the Saar inhabitants in his speech at Geneva on Thursday.

Stressing that in this speech, Laval endorsed Hitler's view that there is fundamentally nothing at issue between the two great neighbouring nations, the article states that this should give food for thought to those who are still under the mistaken belief that they can attain their ends by political intrigues. Affirming that the Franco-German reconciliation is the best guarantee for Europe's peace, the "Korrespondenz" declares that an indisputable preliminary condition is that each partner's right to security is a good omen for establishment of a

"NEW DEAL" IN
BRITAINMr. Lloyd George's
Plans

London, Jan. 18.
Referring to proposals advanced by Mr. David Lloyd George, in outlining his suggested plans to stimulate recovery in Britain, the Chancellor of the Exchequer, Mr. Neville Chamberlain, at Belfast this afternoon, said he found them rather disappointingly lacking in novelty or precision. Nevertheless, when Mr. Lloyd George had completed his exposition of them in his platform campaign, the Government, which was not above taking ideas that promised help in solving present day problems, would examine them with an open mind. Before embodying them in their programme, however, the Government must be satisfied that they would achieve the purpose for which they were designed.

The King's Message

(Special Air Mail Service)

London, Dec. 28.
"If I may be regarded as in some true sense the head of this great and wide-spread family, sharing its life and sustained by its affection, this will be a full reward for the long and sometimes anxious labours of my reign of well high five and twenty years."

These memorable words of the King, part of his Majesty's third successive Christmas Day broadcast from his Sandringham residence, awakened a responsive chord in the hearts of millions of his subjects at home and in all parts of our far-flung Empire.

The King's message was the culminating point in a programme of greetings throughout the British Commonwealth of nations.

"Restless World"

Following is the text of the King's speech.

"On this Christmas Day I send to all my people everywhere my Christmas greeting.

"The day, with its hallowed memories, is the festival of the family. I would like to think that you who are listening to me now, in whatever part of the world you may be and all the peoples of this realm and Empire, are bound to me and to one another by the spirit of one great family.

"The Queen and I were deeply moved by the manner in which this spirit was manifested a month ago at the marriage of our dear son and daughter.

"My desire and hope is that the same spirit may become ever stronger in its hold and wider in its range.

"Clouds Are Lifting"

"The world is still restless and troubled. The clouds are lifting but we have still our own anxieties to meet. I am convinced that if we meet them in the spirit of one family we shall overcome them. For then private and party interests will be controlled by care for the whole community.

"It is as members of one family that we shall to-day and always remember those other members of it who are suffering from sickness or from the lack of work and hope; and we shall be ready to do our utmost to befriend them.

"I send a special greeting to the peoples of my dominions overseas. With them I bear in my heart to-day the peoples of my far distant colonies. The bond of one spirit knows no barriers of space.

Assurance To India.
"If my voice reaches any of the peoples of India, let it bring the assurance of my constant care for them, and of my desire that they too may ever more fully realise and value their own place in the unity of the one family.

"As I sit in my own home I am thinking of the great multitudes who are listening to my voice, whether they be in British homes or in far off regions of the world. For you all and especially for your children, I wish a happy Christmas. I commend you to the Father of Whom every family in heaven and on earth is named. God bless you all."

MARSEILLES
CRIMEResponsibility Denied
By Hungary

London, Jan. 18.
The Hungarian Government's memorandum on the inquiry undertaken in reply to the complaint of the Government of Yugoslavia alleging Hungarian responsibility for the Marseilles murders, was issued at Geneva this morning.

It denies responsibility for any connection with the assassinations. Certain minor Hungarian police officers, it is admitted, had not controlled Croat immigration with necessary diligence, and two police captains had been dismissed and three policemen sentenced to imprisonment.

A stricter measure for the control of foreigners and the issue of passports is promised.

When the matter came before the League Council, Mr. Anthony Eden issued a report, asking Yugoslavia and other members of the Council to communicate any observations on the Hungarian memorandum in writing to him as rapporteur, and this was accepted.

OFFICIALS PUNISHED

[Special to the "Hong Kong Daily
Press" (Copyright).]

Geneva, Jan. 18.
The Hungarian memorandum submitted to the League of Nations in accordance with the terms of the Council's resolution, of December 10 terminating the dispute between Yugoslavia and Hungary which was occasioned by the Marseilles assassinations, was published by the League Secretariat on Friday. The resolution had requested Hungary to report on the penalties enforced against the officials guilty of neglect in controlling the activities of the Croat terrorists in Hungarian territory.

The memorandum places on record that a most painstaking investigation had failed to establish any direct or indirect connection between the Hungarian Government and its subordinate officials and the Marseilles murders. It goes on to inform the League that some minor officials had been found guilty of neglect in supervising the Croat emigrants and had been adequately punished, and that the regulations governing the control of foreign residents and the issue of passports had been made more severe.

The document concludes by stressing that by strictly carrying out the demands of the Council's resolution, Hungary once more had given proof that she was deeply conscious of her international obligations.

MILLIONAIRES
IN U.S.Number Doubled
In A Year

New York.
The incomes of wealthy people increased and those of the less wealthy decreased during 1933, according to the Treasury Department.

Forty-six United States taxpayers reported a net income of \$1,000,000 or more, compared with only 20 in 1932.

From the statistics it is argued that the "New Deal" policies have not tended, as popularly supposed, to distribute income more evenly in the United States. But defenders of the Administration argue that the 1933 figures simply reflect improved business and that more time must elapse before its effects on people of small incomes become evident.

The increase in the number of millionaires is one of the outstanding features of the Treasury statistics. There were 77 of them in 1931, and 518 in the peak year of 1929.

Last year there was one income of \$5,000,000, dollars, reported. Names are not disclosed and speculation ranges between Mr. Ford, Mr. Mellon and Mr. Rockefeller, Junr.

The 46 millionaires received a total of \$216,200,000, and paid nearly \$25,200,000 in income tax.

Total income lower.
The other side of the picture is shown by the estimate that the net incomes of all taxpayers actually decreased nearly \$25,000,000, or

FOOTBALL TOUR
IN GERMANY

Splendid Hospitality

(Special Air Mail Service)

London, Dec. 26.
Beckenham Wanderers, a team organized by the Beckenham Club, concluded a Christmas tour in Germany as guests of the Wiesbaden, Hoechst, and Frankfurt clubs. Headquarters were at the Wassauer Hof, Wiesbaden, and matches were played against the three above-mentioned clubs, only the second game being lost. Another match, against the Rot-Weiss Club, Cologne, was to have been played but Beckenham Wanderers were delayed by fog and had to travel direct through to Wiesbaden. The game against this club was played in the beautiful Nerotal Stadium. The game against Hoechst was played on Christmas Day, and that against Frankfurt "1880" on Boxing Day.

The following players took part in the tour:—A. R. Attenborough, A. N. Buckmaster, R. T. Carver, M. L. Docker, W. A. Hay-Cooper, P. Hazell, A. P. Hovenier, H. R. J. de Keyser, T. N. Lamb, K. Leighton, T. D. Mitchell, E. Owen-Thomas, A. C. Pearce, J. H. Pope, R. L. Prain, and R. F. S. Prothero. On account of last minute injuries H. R. J. de Keyser and E. Owen-Thomas were unable to play. The team was treated with splendid hospitality throughout, and a feature of the tour was the large holiday crowds which watched all the games.

The first match, against Wiesbaden Hockey and Tennis Club, was played on an en-tout-cas surface, to which the Beckenham players took some time to get accustomed, and was won by three goals to one. Hay-Cooper scored a goal in the first two minutes, after which play was level until Niedermyer brought the scores level with a shot which left Buckmaster no chance. In the second half Leighton scored a goal immediately after the resumption, after which Beckenham Wanderers had the better of the game, and Lamb, who was always dangerous on the right wing, scored a third goal with a flick shot.

The second match against Hoechst Hockey Club, was lost by three goals to one. The surface on this occasion was cinder, which was difficult to get accustomed to. Hoechst were a fast side with a skilful attack and the Beckenham defence was well tested. Before half-time Hoechst scored a goal which Buckmaster misjudged. Pope equalized with a clever dribble and shot soon after the interval, but thereafter Hoechst again had the better of the play. Their inside forwards fed the wings well, and two goals came from the right wing. Towards the end the Wanderers attacked, but they shot poorly and missed what scoring chances there were. Hoechst earned their victory by their greater speed and better shooting.

In the final match Frankfurt "1880" were beaten by three goals to none. The Beckenham team was the same as that which played in the first match. The ground was of a grass surface and the English players felt considerably more at home. The play was slower than in the previous matches and the Wanderers display correspondingly better. Pope scored the first goal as the result of good combined half-back and forward play. The Frankfurt attacks were ineffective against the visiting defence, who played strongly. Buckmaster in goal bringing off many brilliant saves. In the second half Hay-Cooper scored a goal after steadily himself to take a good pass from the right wing. At this stage Beckenham were playing cleverly, the forwards moving quickly and distributing the ball well, with strong support from the halfbacks. The backs were fast, and Frankfurt looked unlikely to score. The third goal was the result of good midfield play by Attenborough and Hay-Cooper, Leighton pushing the ball into an open from a reverse stick shot from Hay-Cooper.

more than 3 per cent. Both the number of people with an income of less than \$25,000 and the amount they received was below the level of the previous year. Returns were received from 25,200,000 people, or 2.67 per cent less than in 1932. The amount of income tax levied rose \$2,500,000, or 14.35 per cent above the 1932 level. The total income of the nation's taxpayers in 1933 was \$2,162,000,000, and taxes on this amounted to \$274,000,000. About 65 per cent of persons of working age paid no income tax at all.

ENCOUNTER AT
UALUALItalian Officer
Criticised

Rome, Jan. 19.

A British report of the recent Italo-Abyssinian encounter at Ualual has been issued. It severely criticises "the intransigent and unaccommodating attitude" of the Italian officer on the spot.

The statement, which is signed by Lieut. Colonel E. H. M. Clifford, the British representative, and other members of the Anglo-Abyssinian boundary commission, says that an Italian military plane flew over the commission's camp, where the Union Jack was flying, and trained a machine-gun on the commission, which had already withdrawn from the disputed area.

It declares that the Italian officer repeatedly checkmated the British members' efforts to find an equitable solution and threatened to summon several hundred soldiers if they refused to obey his requests.

ITALIAN INTENTIONS

[Special to the "Hong Kong Daily
Press" (Copyright).]

Amsterdam, Jan. 18.
Italy is planning to take military action against Abyssinia, according to the Rome correspondent of the "Algemeen Handelsblad" here who claims to have been informed from a most reliable source that Italian warships carrying heavy guns and tanks, are on the way to Erythraea and that Italy is determined to demand from Abyssinia an ultimatum form of definite fixation of the borderline between Abyssinia and the Italian colonies, Erythraea and Somaliland.

The Italians maintain, according to the correspondent, that the fixation of the frontiers has hitherto been wilfully prevented by Abyssinia.

UPSETS AT FANLING Racing Strain Pays \$122.50 In Ladies Race

(BY "MORNING DEW")

There was a good attendance at Kwantli yesterday when the Fanling Hunt and Race Club held their January Meeting. The racing was keen and several close finishes were seen. Outsiders shared honours with favourites and as a result some very handsome dividends were paid.

Among the large gathering were H.E. the Governor and Lady Peel, H.E. Admiral Sir Frederic Dreyer, H.E. Major General O. C. Borrett and Mrs. Borrett, His Honour Mr. Justice A. D. A. MacGregor, and the Hon. Mr. C. Gordon Mackie and Mrs. Mackie.

The biggest dividend of the day was paid in the Ladies Hurdle Race, when Racing Strain upset several warm favourites to pay his supporters \$122.50 each.

Belinda Wins First Race

The first race for Australian ponies drew eight starters. Belinda looked the best in the paddock and as events subsequently proved, she was the best pony in the race. Kilrea set the pace most of the way, followed at first by Lucy Gitters and in the later stage of the race by Kashgar. Lucy Gitters did not jump too well and Kashgar threw his jockey when six furlongs from home. Mr. Stanton riding Belinda asked his mount for an effort when there was still half a mile to go and the pony responded at once. Leading into the straight, Belinda came in a winner by four lengths. Many lengths behind Kilrea came Lucy Gitters. Kobibel was the only other pony to finish.

LADIES HURDLE RACE

Miss Scott Harston on Spinaway and Miss Shenton on Wembley Stag were in great demand by punters in the Ladies race, but Spinaway showed a great dislike to the hurdles, while Miss Shenton was thrown from her mount just as she was coming along nicely in the home straight to dispute the race with the leaders.

A quarter of a mile after the start of the race, Mrs. Ropes riding Bay of Calamity was thrown when the pony stumbled. Happy Hit Racing Strain and Marina were conspicuous all the way and in a close finish Happy Hit got the better of Marina, only to allow Racing Strain to come along in the final run home to stop him from winning.

SHA TAU KOK STEEPLECHASE

Over a mile and three quarters, Burgomaster and Pride of Tsingtao provided a thrilling race. First one and then the other took the lead in a field of five but after the first mile Burgomaster appeared to have settled the issue and drew in front but some six lengths. In the next six furlongs, Pride of Tsingtao gradually reduced the lead until at the Distance Post he had practically levelled. Thereafter in a close tussle home, the two kept neck-and-neck, but after the last hurdle, Burgomaster found his stride a little sooner than Pride of Tsingtao and that enabled him to get home about half a length in front of Pride of Tsingtao.

THE GRAND MILITARY HANDICAP

Festival Eve won the Grand Military Handicap and Basson Cup from Soldier of Italy in yet another thrilling finish. Soldier of Italy was made favourite, but his supporters received a fright when the pony attempted to run away with Mr. Ferguson before the commencement of the race. He was pulled up after half a mile and in the actual race put up a wonderful show, getting into the lead early on and running into the home straight several lengths to the good in front of Tullum and Festival Eve. The last named put on a great spurt over the final hundred yards and won by a couple of lengths.

CROSS-COUNTRY RACES

In the last two races, the fields were of nine ponies each. The first section was won by Punch who paid his supporters the handsome winning dividend of \$35.80. This pony did well to account for Winchester Stag by a narrow margin and for Skewbald Griffin as well. In the second section, Racing Pluck was made favourite and he won from Dairen and Cebu, the three ponies jumping the last hurdle together, but Racing Pluck was much faster on the flat and won convincingly.

HOCKEY TEAM SELECTED

Hong Kong-Macao
Interport

The last of the men's Interport Hockey Trials was played off yesterday morning at King's Park and resulted in a win for the Probables by three goals to one. The teams played as selected with the exception of Parker whose place was taken by Parduman Singh.

Play opened with the Possibles attacking, the Probables taking quite some time before settling down to anything like good play. Hollingsworth was called on early to save from Kalwant Singh and Gonzales had Mackay blocked time and again on the right.

Following end to end play Divett receiving, ran through, his shot was saved by Hollingsworth but, rushing up he obtained possession again and sent the pill into the net with a fast rasping shot.

Following this reverse the Probables woke up but smart clearances by Dr. Rodrigues and his partner saved the situation. Pressure was brought on and following many harassing raids Kartar Singh equalised with a first timer inside the circle. Interval arrived with the teams on level terms.

The Probables after the resumption were continually on the offensive. Divett dropped back and played a fourth half for the greater part of the second half for the possibles, Gurbachan Singh and his inside men combined well together and following a nice passing bout Gurbachan Singh scored with a good effort.

Souza saved two quick shots in succession and play returned to the Probables' half. About five minutes from time Gurbachan Singh made a very praiseworthy solo effort, his terrific shot striking the cross bar and rebounded into play. Two minutes from time Lal Singh cutting in from the left scored with a beautiful reverse hit.

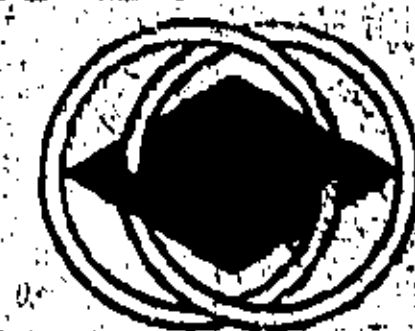

The Players

The Probables forward line played well and with the exception of Mackay on the right, who was too well watched by Gonzales, some pretty forward work was seen. The intermediate line did all that was expected of them and Metcalfe and E. V. Reed took some time to settle down at back.

For the Possibles Dr. Rodrigues and Khan Bahadur combined well as backs, Dr. Rodrigues in particular coming out on top in some keen duels with G. Singh & Co. relieving many situations. His partner backed him up well. Sommer at centre half worked hard and had many a difficult movement relieved by his anticipations. The forward line played and combined well in the first half but deteriorated in the second. Fowler although having a very good man in Alf Din against

Around the Courts

Before Mr. Hamilton at Kowloon Magistracy on Saturday, Tang Hung, a 48-year old unemployed, was sentenced to two months' hard labour for assaulting Yeung Yee, the No. 1 foreman of the R.F.A. Apple Leaf in Kansu Street.

It was stated that complainant was walking along Kansu Street towards Nathan Road at about 5.45 a.m. on Friday when the defendant came up behind him and threw pepper into his eyes.

The defendant immediately made off, but was arrested later. When arrested the defendant's hands smelt strongly of pepper.

Sentence of six months' hard labour was passed by Mr. Hamilton at Kowloon Magistracy on Mul Chin Kong, 24, who was charged with stealing several cartons of sausages and 20 packets of cigarettes from Yuen Kiu, a 48-year old widow.

Detective-Sergeant Poynts, who prosecuted, stated that the

defendant had told the complainant that he was a boy employed at the Shamshulpo Military Camp and that if she gave him the articles he would sell them and make a profit for her. She had already lost things to the value of over \$25 in this way.

After passing sentence, Mr. Hamilton ordered \$5 to be given to the woman from the poor box.

For the theft of a wallet containing \$25 in local currency, Leung Fuk was at Central Magistracy on Saturday sentenced to six months' hard labour by Mr. Wynne-Jones.

It was stated that the defendant stole the wallet from Luck Kwok King, a clerk of the Canton Public Safety Bureau, who arrived in the Colony the previous day by the s.s. Lee Hong. Defendant pleaded guilty and also admitted three previous convictions for larceny.

him showed up well and with the exception of his inclination to dribble he was certainly playing a better game than Mackay.

Of the goalies there is very little to choose between them, Souza had more work to do than Hollingsworth.

The teams were:—
Probables (In White): Metcalfe (Artillery), Dr. Rodrigues (Recreo), W. R. Reed (Hockey Club), Dulla Singh (Army), G. Sommer (Hockey Club), Mackay (Hockey Club), Gurbachan Singh (K.I.T.C.), Kartar Singh (Punjab), Lal Singh (Army).

Possibles (In Colours): U. B. Souza (Radio), A. M. Rodrigues (Recreo), and Kahn Bahadur (Punjab); Parduman Singh (Radio), G. Sommer (Club) and J. Gonzales (Recreo); S. Fowler (Y.M.C.A.), Divett (Club), Avtar Singh (Radio), Kalwant Singh (Radio) and T. J. Price (Y.M.C.A.).

Team Selected
At the conclusion of the trial the selection committee met on the ground and the following were selected to represent Hong Kong

against Macao during the Chinese New Year Holidays.

Hollingsworth (Lincoln), Metcalfe (Artillery), Dr. Rodrigues (Recreo), W. R. Reed (Hockey Club), Dulla Singh (Army), G. Sommer (Hockey Club), Mackay (Hockey Club), Gurbachan Singh (K.I.T.C.), Kartar Singh (Punjab), Lal Singh (Army).

There is very little to say about the combination of this team and I believe every man is well able to take care of his charge. The choice for the right wing position seemed to be between Fowler and Mackay and on the run of yesterday's play Fowler certainly had more claim to it than Mackay. With a man like Alf Din against him he certainly showed up well and Mackay was completely overshadowed by Gonzales who allowed him very little rope. Fowler has more strokes to his play than Mackay and he can dish them out too.

Sommer has played a good game before but on the standard of play evidenced in these trial games Alf Din is being overlooked by the selection committee. The team chosen is certainly a representative one and we wish them luck.

ECLIPSE OF MOON

IN AID OF CHARITY

Concert At Lee Theatre

The Holy Trinity Church Concert on Saturday was an unqualified success and the large attendance at the Lee Theatre were unanimous in their praise at the quality of the entertainment provided.

The Rev. Bishop Hall, in a brief speech during the interval, drew attention to the tremendous amount of work that Christians in China still have to accomplish. He called upon all Christians to make sacrifices for the Church. The concert, he said, was only a beginning. He hoped that those who had supported it would go on in their efforts.

The concert itself began with music from the Chinese Orchestra, followed by some first-class acrobatics by Mr. A. Ma and his company. Mr. Wan Wan San's magical items went very well, as did the Chinese music before the interval.

In the second half of the programme, that well-known musician, Mr. C. Dudley Bartlett entertained on the piano, followed by Mrs. Lum who sang "O Lovely Night" and "The Serenade". Mr. Conrado de la Cruz's violin solos were delightful while another musical item, flute solo, by Mr. C. K. Wong, was much appreciated.

A two act comedy giving a Chinese version of "Laurel and Hardy" went down very well and put the audience in very good humour.

SWAMI PARMANANDA

Swami Parmananda founder of the ANANDA ASHRAM, a Spiritual teacher, author, poet and lecturer of wide reputation is in the colony on his way back to India. Shrimati Gayatri Devi and Sister Amala (Miss Camille Christians), two of his women disciples are also with him.

Swamiji belongs to the Ramakrishna Mission founded by Swami Vivekananda who was a great pioneer of Vedantism at the World's Parliament of Religions at Chicago in 1893. Swami Parmananda went to the United States in 1906 and has ever since been lecturing in France, Italy, Germany, England, Switzerland and in India. He has set up an Ashrama (Retreat) at La Crescenta, California, with his headquarters at Boston, and with many of his American disciples carrying on the work set a-foot by the Great Swami Vivekananda.

He will speak on "THE NEED OF THE HOUR" at the Theosophical Society Hall, Hong Kong Club Annex, Chater Road, Ground floor to-day at 6 p.m. The public are cordially invited to attend.

ORATORY CONTEST

A Chinese oratory contest, open to pupils of all middle schools in Hong Kong, will be held on March 2, under the auspices of the Chinese Y.M.C.A.

A shield, which is to be held by the school of the winning pupil for one year, has been generously donated by Dr. T. C. Yip.

The topics for the forthcoming contest are as follows:

"A man's life is largely influenced by his spiritual discipline."

"Chinese students hereafter must emphasize on vocational education."

"The importance of China's rural rehabilitation."

NO VALID PASSPORT

Convicted on a charge of entering the Colony without a valid passport, Roman Gills, a Russian, was sentenced to one month's hard labour by Mr. Wynne-Jones at Central Magistracy on Saturday. He was also ordered to be deported on completing his sentence.

Defendant was stated to have arrived in the Colony on December 6 by the S. Trive. For the past three or four weeks he had continually approached the Benevolent Society for help and had obtained so on three occasions. He was afterwards advised to report to the Police. This he did, stating that he was formerly employed on the S. Trive. Inquiries made at the shipping office, however, showed that he had never been employed on any of the company's ships.

GARDEN CITY CLUB

Opened By Mr. J. M. Wong

Situated in picturesque surroundings about 15 yards back from Waterloo Road, the newly-built Kowloon Tong Garden City Club was officially opened on Saturday afternoon by Mr. J. M. Wong, chairman of the Garden City Association, in the presence of a large gathering.

The building which cost \$38,000 (exclusive of grounds) is of bungalow type with a wide front and a large circular verandah. With its extensive grounds which provide for bowls, tennis and other outdoor pastimes, it should add greatly to the amenities of the neighbourhood.

In performing the opening ceremony, Mr. J. M. Wong said:—"On such an auspicious occasion as this, it is fitting that I should tell you briefly how this Association has come into existence, what are its objects, and what the Committee hope for its future."

"I dare say most of you have already heard how this Kowloon Tong Garden City was created. From the year 1920 to 1925, on account of the land boom in the Colony, speculators bought up houses and pulled them down to rebuild, thus causing a serious shortage of houses, and rentals were extremely high. The Government received complaints from the public, and was asked to solve the problem. The Government itself could not undertake a house-building scheme, but approached Mr. Montague Ede to undertake it. This area of Kowloon Tong was chosen for the building scheme."

Mr. Montague Ede organised and formed the Kowloon Tong and New Territories Development Co., Ltd. to execute the building scheme. In the years 1924-25, after the death of Mr. Montague Ede, progress in the building operations was very slow and inferior materials were used in the building. Subscribers to the scheme complained to the Government and the Government agreed to investigate the matter. Then the subscribers formed the Association of subscribers of the Kowloon Tong Building Scheme to protect their interests.

"In 1929 the Kowloon Tong and New Territories Development Co., Ltd. became insolvent and its creditors threatened to attach all houses whose owners refused to pay a further 9 per cent. of the cost. The Association of Subscribers approached the Government, through its solicitors, Messrs. Johnson Stokes and Master, for protection, and the Government resumed the whole estate. Thereafter a compromise for a full settlement between the subscribers, the Government, and the creditors of the Kowloon Tong Co. was arranged and a full settlement was effected. The Association of Subscribers was then dissolved and ceased to function. The new association, known as the Kowloon Tong Garden City Association, was organised, formed and incorporated under the Companies Ordinance, the word "Ltd." was eliminated by permission of His Excellency The Governor."

Principal Objects

"The principal objects of this Association are to provide a club-house, for the accommodation of members and their friends, for meetings and gatherings, whether social, educational, commercial or otherwise, and recreation (such as billiards, tennis, bowls and other games) to protect and further the interests of residents and owners of property in Kowloon Tong Estate and to do all such things as may be deemed expedient for the welfare of the community therein and for the benefit of its neighbourhood and the inhabitants thereof."

"Thanks to a generous Government which has granted us at a nominal rent, this large semi-circular plot of land and to Mr. H. M. Su, our architect-member, and to the Contractor, Tai Poo, we are sitting in this beautiful Club House with exquisitely tiled and nicely laid out grounds surrounding it."

LOCAL GERMANS CELEBRATE

Saar's Return To Germany

The local German community celebrated the return of the Saar region to Germany at the German Club on Friday evening. The occasion was also the anniversary of the date on which the German Empire was proclaimed in Versailles after the Franco-German War of 1871.

The programme opened with the song "Mein Vaterland" rendered by the German Mixed Choir after which Herr C. Leopold recited a short poem.

This was followed by a brief speech by Mr. J. H. Jensen on the return of the Saar and the anniversary of the German Reich. Bismarck, he said, succeeded in the difficult task of uniting the then numerous German States into one, and added that it was only now that even his own countrymen were realising the greatness of that achievement. Now that the chaotic conditions which followed the world war had resulted again in a united Germany, Germans realised more than ever the greatness of Bismarck's achievement and rejoiced in the fact that they had found the man who could consolidate the work of Bismarck.

Both the great turning points in German history had occurred within the lifetime of the beloved and admired statesman, the late President von Hindenburg, the link between the Germany of 1871 and the new Germany of 1933.

The speaker reminded his countrymen that the Saar Germans had been faithful to Germany in times of need and distress, in spite of all advances on the part of France and last but not least, under the terror of Communist elements let loose in the Saar territory. Germany would be grateful to her sons and daughters of the Saar for their faithfulness. The world was bound to realise that the Saar is as German to-day as it ever was and that all Germany stands united behind Adolf Hitler and his Government he concluded.

The meeting closed with a united "Heil" to Adolf Hitler and to "The New Germany."

THE CEMENT INDUSTRY.

Canton, Jan. 19.

In pursuance of the Three-Year Plan, the Government has decided upon the controlling of all the important industries of the province, such as sugar, cigarettes, cement, etc.

During the past two years, funds for reconstruction works, besides being met with foreign loans, have been paid out of revenue derived from sugar, foreign rice, agricultural products and wolfram ore.

Consequently, the Government considers such sources of revenue to be of the greatest importance, and is bent on developing same.

The manufacture of cement is considered to be one of the most important industries, owing to cement being extensively used in all manner of construction work. The Government has decided to devote its attention to the developing of this industry.

Before the establishing of the Sai Chuen Cement Works, most of the cement used in the Kwangtung Province was imported, but since the establishment of the factory, the import has been decreasing daily.

Although the Sai Chuen Cement Works produce over 5,000 bags of cement per day, it is unable to meet the requirements of the whole province, and consequently, foreign cement is still being imported to meet the deficiency.

NEW BOTTLE FACTORY

Canton, Jan. 19.

Last year the Reconstruction Department decided upon the establishment of a drinking beverage factory at Sai Chuen, and Mr. Lam See Cheung was placed in full control of the works.

The factory is now nearly completed and is expected to start manufacturing in April or May next.

Since a large quantity of bottles will be used it has been decided by the authorities of the Provincial Reconstruction Department to include a department for the manufacture of bottles also.

ARMS AND THE ENGLISHMAN

There can be little doubt as to the main trend of British opinion regarding the traffic in arms. It is against war, and it is against anything likely to provoke war. It has been much stirred by the Senate inquiry in the United States and it is ready to believe that many of those who stand to profit by the sale of arms have used their influence to promote a war spirit. The increasing force of this opinion is illustrated in the promise of the Secretary of State for Foreign Affairs to institute an inquiry into the British munitions business.

The problem is not a simple one, as Sir John Simon was able to show in an earlier statement, in which he declared that an arms inquiry was undesirable. Unfortunately, on that occasion he overstated the case for the existing system and defended it with the arguments of a partisan; and so did less than justice to his Government. Facilitate may have underestimated the difficulties and the Secretary for Foreign Affairs would have done well to correct their mistakes without disparaging their enthusiasm. He failed to appreciate the spirit of men who are urging that Britain should lead the way in suppressing the trade in arms just as she led the way in suppressing the slave trade. His argument ignored the fact that the majority of Britons are not in the mood to tolerate perpetual preparation in time of peace, of conditions favourable to a maximum of war production.

But Sir John Simon's mistakes in presenting his case should not be allowed to obscure some of his sounder arguments. He was right when he said that as long as countries are determined to have armaments a mere prohibition of export of privately manufactured munitions will not prevent their production. It might even, as was pointed out by a commission of inquiry set up at Geneva in 1921, lead to the non-producing states to set up armament plants of their own and store up stocks of munitions which they could not hope to replenish in time of emergency. Regulation of exports by each country, and concerted action between the producing countries, are the two things of immediate concern. In Great Britain no arms may be exported except by license, and no license is granted except for delivery to specified foreign governments. No export credits are granted to the exporter of munitions, and no subsidy is paid to any private firm for producing arms.

Yet it would be folly to blink the fact that the making of profits by the sale of arms provides a perpetual incentive to interested persons to keep the war scare alive, and that even the British licensing system has not operated to the entire satisfaction of public opinion. If the great producing countries could combine to forbid private production, that would remove one of the obstacles to peace. But the most practicable plan which can be urged at the moment is that each nation should supervise the manufacture of munitions within its own territory, and only permit their export under special license. Establishment of effective licensing systems would be a useful first step toward concerted control of arms traffic.

MILITARY PREPARATION IN JEHOI

Peking Council Surprised At Japanese Action

Peking, January 20. The Peking Military Council in a communique, expresses surprise at the Japanese military preparation in Jehoi as they consider that there is no dispute concerning the Chiangliang territory which lies east of Kuyuan.

The communique states that not only Chinese but foreign maps for years have always shown this area inside Chahar and outside Jehoi Province. It denies that there are any troops in that area and only a few militia who police the area.

It is regrettable that Japanese and puppet regime troops when relations between China and the Three Eastern Provinces are improving should suddenly claim the territory and start to take forcible measures for possession of it.

Reuter learns that negotiations are going on quietly and it is expected that the matter will be settled amicably without resort to force.

JAPANESE ADMITTANCE

Peking, January 19. Japanese military authorities here, in an interview, admit that a considerable number of troops are massed in western Jehoi for

the purpose of cleaning up one of the debated areas along the border of Jehoi and Chahar.

They assert that there had been negotiations between the Chinese and Japanese over the area now in question, and that the Chinese had agreed to withdraw, but this had not been done.

The Japanese army is now determined to clear up this area, which is very small, containing only three villages the chief of which is Chiangliang.

They state that unless General Sung Chieh Yuan withdraws his troops from this area the Japanese will go in to clear it up.

The matter is described as "a problem of principle" and after the area is cleared of Chinese troops the Japanese troops will not go further.

When he was held up Ma was seated beside the chauffeur and Kau alone in the rear seat. This misled the kidnappers who ordered out Ma and drove off with Kau.

Vienna, January 20.

The greatest secrecy is maintained as regards the proposal understood to have been adopted at a conference yesterday evening to nominate Archduke Eugene as successor to President Miklas whose term of office expires in October.

The constitution at present bars the Hapsburg line from the Presidency. Archduke Eugene, at present an exile at Basle, is a cousin of Archduke Otto, the pretender to the Austrian throne.

If Gossip We Must

(BY "CHANCE")

Err! It was so cold during the past few days that I had not the inclination to move about but when there is work to be done there is no alternative so I wended my way, once again, to the Hong Kong Hotel on Saturday night when Andrew and Ursula gave their farewell performance, and believe me, I did not regret leaving the fireside of my humble home.

There was such a crowd there and the atmosphere was so friendly that such things as cold weather were soon forgotten. The star turn of the evening, Andrew and Ursula, were at their best and never have I seen them give a better exhibition. It was no doubt due to the fact that they realised they were playing to an appreciative audience that inspired them to such heights. The band too, were in great form while the ladies were radiant, to say the least.

I was so busy enjoying myself that I made only a few notes of the dresses but they were all very pretty. Miss Miriam Hopkins looked ravishingly beautiful in white while Miss Lorna Lloyd favoured black.

As there was the usual crowd there I will not go into further details, but I did notice Miss Betty Pestoni, who has just returned from eight months holiday in Manila, was looking very well in shell-pink. Mr. Morris Davis was having probably his last dance with Miss Joseph, as he is shortly leaving on promotion to take up a post in South Africa. Although we are sorry to lose him we wish him the best of luck.

The M.C.L. and Women's League are holding a Contract and Auction Bridge and Mah Jong tournament on Monday 28th at the Peninsula Hotel, Ladies possessing Mah Jong wardrobes, cards and markers are asked to take them along with them. This seems to me like a trencher-fed pack.

Kwanti Races

The races at Kwanti yesterday as usual were a great success. Practically everybody was there who attended the meeting some few weeks ago. Unfortunately the weather was cold and dull, so one had to keep on moving. The Ladies hurdle race went off well and so did the "Bride" and another young lovely. There were several very good finishes, but one of our Happy Valley experts wants to get hold of his horse and drive him at his fences, this always helps to stop your mount from running out. Another G. R. caused a bit of amusement when mounting by executing a manoeuvre similar to the zig zag demonstrated recently by Andrew and Ursula.

The January Country Cup had so many entries that it was divided into two races. This speaks very well for the sporting instincts of the member of the Fanling Hunt.

Both races were well ridden and

Discussing the Prospects.

In each case the finish was a very close one.

The trouble was for the spectators to see the race as it was run over 2½ miles of hunting country.

One feels envious of a monkey on these occasions. One sportsman, I think the great Bob, equipped with climbing irons and opera glasses, etc., perched himself on the top of a match. So excellent was his "Bird's eye view" that he was shortly after joined by a noted jockey.

The Lincolnshire Regiment were at Home to their friends.

DORIS MAKES HER BOW

By way of introduction I must tell you that I shall not seek for my gossip in the fashionable places always. I rather delight in out of the way corners where unexpected things happen, and one can see a lot of amusing side lights on things in general.

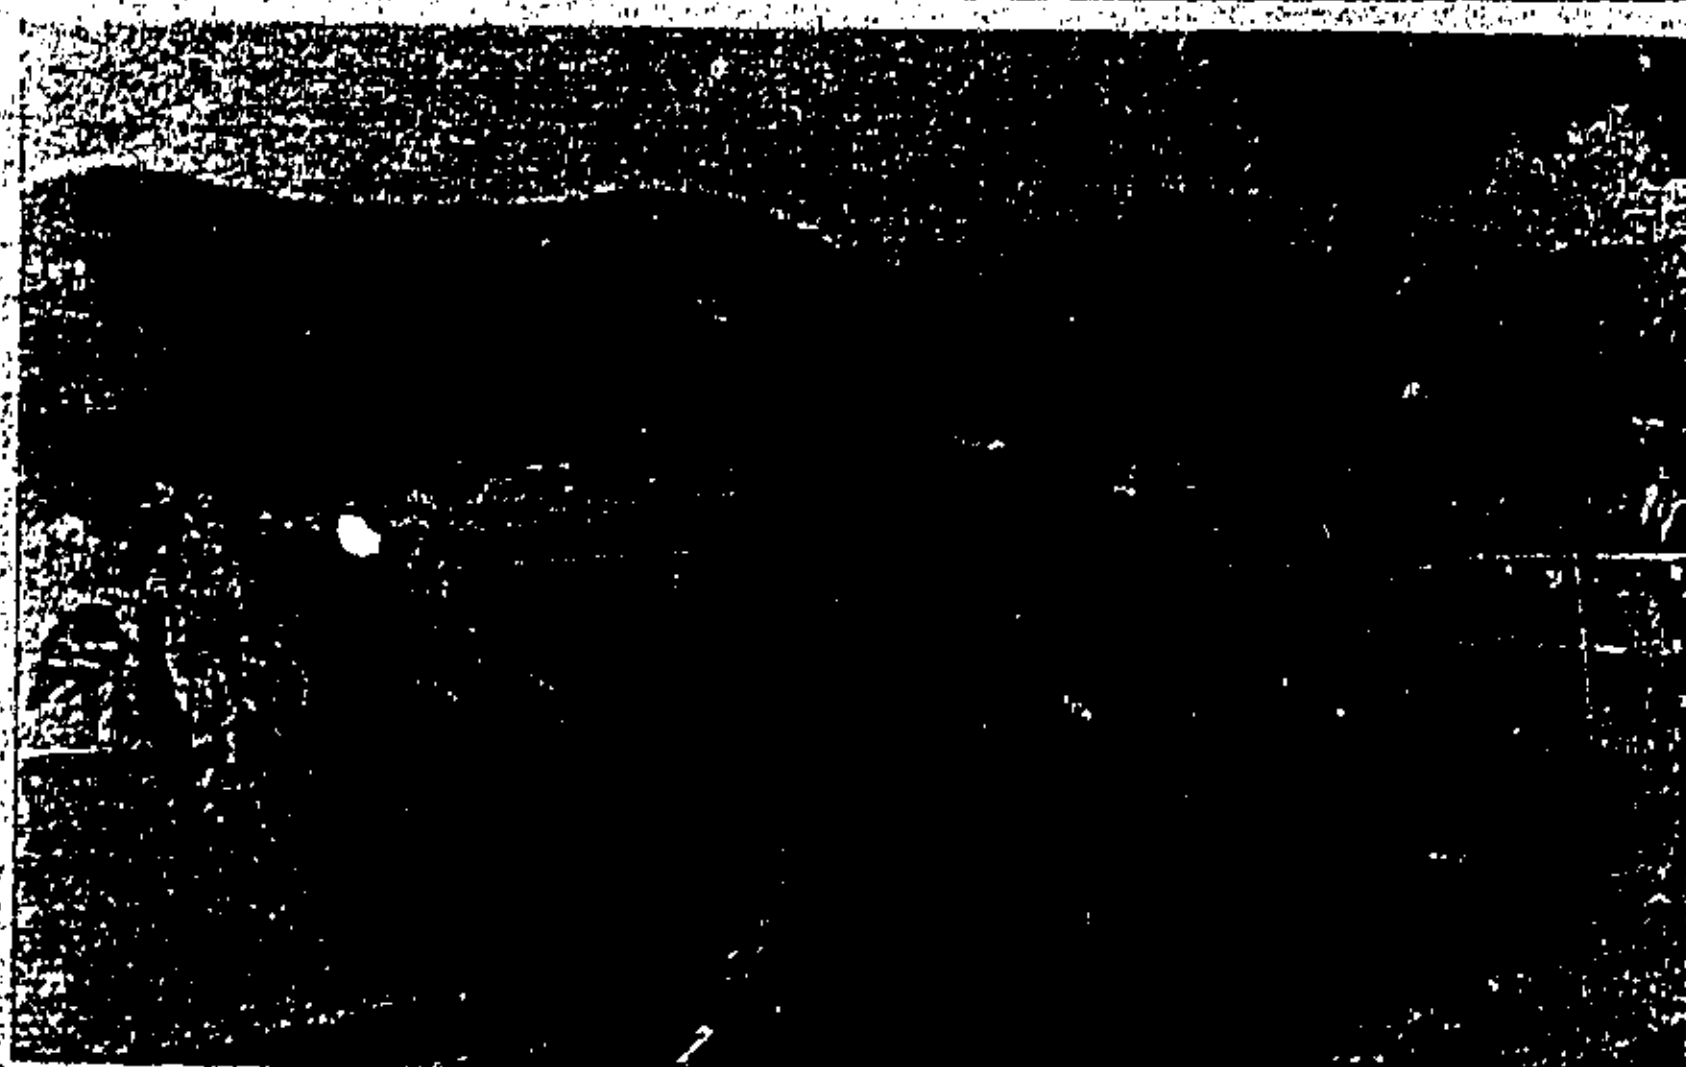

However by way of a beginning I will tell you something about the Suffolk dance.

It had been a very hectic day for me. Good works all the morning. Then a tiffin party over in Kowloon, followed by bridge game and the most delicious home-made tea foods. And then a wild dash by means of five different kinds of conveyances to my mountain fastness in time to dress for dinner.

It had been bitterly cold all day, and it was lovely to sink into a boiling hot bath. Sometimes I think hot water is really my natural element. However, let us not digress—I eventually arose from the delicious warmth, and after clothing myself in as many woollies as consideration for the figure allowed I sallied forth to my dinner destination.

My host and hostess and fellow guests were all very witty and amusing, and the dinner was surpassing good, as always, in that particular household. So after a very satisfactory foundation for the evening's enjoyment, we climbed up the gaily carpeted gangway ladder of the good ship Suffolk.

What a gay scene it was! Ships' dances are always fun.

LONG SESSION AT GENEVA

Abyssinian Dispute Discussed

(Special to "Hong Kong Daily Press")
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, January 19, 7.30 p.m.)

Geneva, Jan. 19.
A long session was held on Saturday forenoon by the League of Nations Council when during the first part, from which the public was excluded, it was decided to nominate Rosenblum, the Russian as a member of the financial committee of the League Council. This indicates change of policy because hitherto other members of the financial committee representing capitalist States had resisted the proposal to admit to the membership of the Council the representative of an anti-capitalistic country. However, the Russian Government insisted.

In the non-public part of the session the Italian-Abyssinian dispute was also discussed but found to be not ready for public treatment because the Italian delegates refused to accept the formula for mediation proposed by France and England. The endeavours of the great Powers to arrive at a formula permitting the Abyssinian dispute to be removed from the agenda on Saturday were resisted by the Turkish delegate who hitherto had supported the Abyssinians against the Italians.

During the public session which then followed the Council passed the report of the Finance Committee after having taken cognizance of the opinion of the Bulgarian foreign minister that the report was too optimistic and too theoretical. This criticism is believed to emanate from Bulgaria because the wording of the financial report would appear to preclude Bulgaria's project negotiations with foreign creditors about reduction of the transfer service.

AGREEMENT REACHED

London, Jan. 19.
At a private meeting of the League of Nations at Geneva, letters to the Secretary General of the League from both parties to the dispute between Italy and Abyssinia were read. Letters revealed that agreement to continue negotiations by direct exchanges had been reached.

Negotiations for settlement of the dispute between Iraq and Persia were still proceeding this evening at Geneva.

Geneva reports state that agreement in the Italo-Abyssinian dispute was reached this morning. The announcement follows an important meeting between M. Laval, Mr. Anthony Eden and Baron Aloisi.

DIFFICULTIES FOR LAVAL

Rome Agreement Consummation

(Special to "Hong Kong Daily Press")
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, January 20, 4.30 a.m.)

London, January 19.
Considerable difficulties in the matter of the Rome agreements concerning non-interference pact in Danube basin are said to have cropped up in the discussions M. Laval had with the Little Entente, the Balkan League and Soviet at Geneva, writes the diplomatic correspondent of the "Daily Telegraph".

The States referred to had for the time being failed to endorse the wishes of Mussolini and Laval. Their rejection is illustrated by the substance of the protocol signed by the three foreign ministers of the Little Entente which reads that neither the Little Entente nor the Balkan League will adhere to the planned Danube convention unless Laval gives them the assurance that he would sign the pact in collaboration with Soviet Russia in case Germany and Poland should reject any of the Eastern Pact scheme.

In addition to that the Little Entente and the Balkan League reserve to themselves the right to discussion on the ways and means respecting their eventual adherence to the Danube convention. Litvinoff is said to have spoken on similar lines and all States referred to insist upon the receipt of M. Laval's assurance prior to his and M. Flandin's London journey. This fact is characteristic of the solidarity now existing between Soviet Russia, the Little Entente and the Balkan League. Laval, so the paper goes on to say, will thus have to arrive at far-reaching conclusions in the next few days.

ALLAYING UNEASINESS IN THE SAAR

Provision For Complaints After Transfer

London, Jan. 19.
Referring to undertakings given by Germany to refrain from reprisals and persecution in the Saar, Mr. Anthony Eden said the nations were entitled to expect these promises to be kept.

They included firstly an agreement by Germany that for the transitional period of one year all voters and such non-voters as had been in the territory for three years might bring before the Supreme Plebiscite Tribunal of the Saar, itself an international body, complaints of political persecutions, reprisals and discrimination, and secondly, an undertaking that for the same period inhabitants of the Saar territory whatever their nationality should not be subject to discrimination on account of language, race or religion.

That recent events have shown that the obligations undertaken by Germany on June 4 for the protection of the minority in the Saar territory are insufficient is the allegation contained in a memorandum handed in to the League Secretary, signed by Max Braun and his associates, Hoffman and Hector. Moscow, January 19.
A sequel to the rail crash on January 10 near Rostov was the sentence of death passed on one of the ten railway men under trial. Eight other defendants were sentenced to imprisonment for three to ten years. One was acquitted. In the opinion of the Court, the rail crash, which resulted in six passengers being killed, was due to lack of discipline and lack of sense of responsibility on the part of the men found guilty.

MAY COME TO A PLEBISCITE

Memel Territory Thrusts

Berlin, January 19.
That German eyes are turning eastward now that the Saar is out of the way is suggested by a vigorous press campaign in the past few days against Lithuania which complains of troop concentrations in the Memel territory.

The Lithuanian Press replies that East Prussia is in a more advanced state of militarisation than any other part of Germany. The "Nachtausgabe" retorts, denouncing the Lithuanian allegations, adding that it may come to a plebiscite in Memel which would certainly result similarly to the Saar.

KING OF COCOS ISLANDS SUED

Crown's Claim For Super-tax

Described as "King" of the Cocos Islands, Mr. John Sidney Clunies-Ross was sued before Mr. Justice Singleton in the King's Bench Division.

On information sworn by the Attorney-General, the Crown asked for judgment for over £18,000 claimed as due from Mr. Clunies-Ross under assessments to super-tax in respect of the years 1921-22 to 1929-30.

Sir Thomas Inskip, K.C., explained that Mr. Clunies-Ross owned the Cocos-Keeling Islands, which were given to him by Royal grant years ago, and where he "lived and reigned supreme."

"This gentleman," he added, "owns a large number of shares in the Christmas Island Phosphate Company, and there were large profits and dividends paid to him by that company."

Evidence in regard to the assessment was given by Leslie John Cane, clerical officer in the office of the Special Commissioners for Purposes of Income Tax. Mr. Cyril King, for Mr. Clunies-Ross, submitted that the evidence was insufficient, but Mr. Justice Singleton gave judgment for the Crown for £18,000, the amount claimed.

WEEK-END FOOTBALL

Sparkling Display Given By Club De Recreio

Playing inspired football on Saturday when they defeated Lincolns by six goals to two the Club de Recreio went very near to lowering the colours of S. China "A" yesterday when they lost by the odd goal in seven. Playing better football than the Chinese both in attack and defence the Recs were certainly unlucky not to have turned the tables on them and a last minute penalty against them for hands robbed them of a draw.

Club proved very disappointing against S. China "A" on Saturday when they lost by four goals to one. With the exception of Fowler and E. Strange in the forward line and S. Strange in defence the whole team played below par.

Police beat Kowloon by the odd goal in three on Saturday and the China Athletic just scraped home against E. Lanes by the odd goal in seven yesterday.

Navy was surprised by the Saints yesterday when they went down by two clear goals.

Yesterday's Games

SENIOR DIVISION

In a fast and thrilling encounter Club de Recreio were certainly unlucky to have lost to South China "A" yesterday by the odd goal in seven after having the greater part of the play. The Portuguese boys were playing far better football than South China and their defence stood out excellently against the attacks of the Chinese.

A. V. Gosano rarely put a wrong foot to the ball and had the Fay-Tam combination on the left reduced to naught in which he also had the good support of Silva Netto.

Early on Recs attacked and B. Gosano tested Wong. A shot by Fung saw Marques tumbling close by after Bowen fouled inside the area and Tam made no mistake from the spot.

The Portuguese boys retaliated strongly and their movements by Gomes and B. Gosano saw the former netting a delightful goal from outside the area with a left drive to equalise.

After on the left put in some nice centres and following some clever dribbling by Gomes, B. Gosano put the Recs ahead.

The Chinese equaliser came towards the interval. Tay receiving sent across to Tam who lobbed the ball for Wong to tap into the net close in. If Marques had been a little more enterprising he would have rushed out to intercept.

After the resumption some delightful football was seen with the Recs in the lime light. They were attacking almost the whole time and from a centre by Gonzales, B. Gosano headed over. Wong saved in quick succession and from a breakaway Fung sent in a fast grounder to beat Marques all the way.

The Recs continued to press and from a corner kick A. V. Gosano was fouled and Bowen made no mistake from the penalty spot. The Recs were pressing for the greater part of the game but were unable to penetrate the Chinese defence. Five minutes before the end Bowen handled in the area and Tam gave the Chinese the lead once again and made things certain.

China Athletic defeated E. Lanes by the odd goal in seven in a very even encounter. The game was fought out at a fast pace. Following a nice combination movement on the right Leung Kan Po scored. Play was confined to midfield until the interval. After the resumption China Athletic attacked strongly but the soldiers repulsed their movements. A foul inside the Chinese area saw Gorman equalising from the spot kick. After this China had most of the play and from a centre by Tam, Ho, Kar Keung scored closely after Lee Chung Hing headed in another. Continual pressure was once again rewarded when Chen Chung Wo scored the fourth goal. After these reverses the soldiers improved tremendously and Walkden, accepting a pass from the right, reduced the deficit. Attacking from then on Lawton further reduced the lead from a corner kick. The final whistle found the soldiers pressing.

Playing a better game of football but unable to score the Navy lost to Saints Joseph's College yesterday by two goals to nil. Play opened with the Navy attacking, Delar and Souza repulsed. Herdridge and Beatty worked hard in the forward line and following a nice passing bout Herdridge scored. Navy retaliated but poor shooting robbed them of the equaliser. After the interval flashes of brilliant play were evidenced on both sides. Poor shooting and the fact that they hugged on to the ball too long proved the Navy's own undoing. Beatty scored for the Saints.

JUNIOR DIVISION

The Lincolns retained their proud unbeaten record yesterday when they defeated the strong China-Angers to their position in the team from the Navy by the odd goal in seven. The game was played at a fast rate, the standard of play being at times quite up to senior football. At the interval the score was 2-1 in favour of Lincolns. Turner and Toynne scoring for them and Mils for the Navy. After the breakers Navy added two goals through Bower and Adams but strong pressure by the Lincolns forwards saw Turner equalising and towards the last minute of the match Turner scored again to place matters beyond doubt.

THIRD DIVISION

R.A.S.C. defeated the R.A.F. yesterday by two clear goals both

scored in the second half by Hutchinson and Beasley. Play in the first half was very even.

Saturday's Games

SENIOR DIVISION

Displaying an all round superiority, the Club de Recreio easily accounted for the Lincolns by 6 goals to 2 in their first division encounter on Saturday. Right from the start the Recs scored through Gomes after a passing bout between him and B. Gosano. After 20 minutes play Ridley equalised with a beauty, giving Marques no chance.

Immediately from the kick off A. V. Gosano put the Recs ahead with a shot just under the bar and five minutes later Gomes crashed in the Recs' third goal. Just before the interval B. Gosano scrambled the fourth goal into the net.

After the change over Lincolns improved and after 15 minutes play Ridley was again instrumental in scoring their second goal. Before long however, A. V. Gosano added another goal and towards the close the same player put the ball into the net. On the whole the Recs were full value for their win.

Club were no match for the speedy South China "A" forwards and lost by four goals to one. With the exception of E. Strange and Fowler in the forward line and S. Strange in the defence, the Club players were all below expectations.

After Rodger had saved from Tso, Wong got possession and sent over to Tam, who crashed with his left to give Rodger no chance. Rodger made several good clearances.

South China's persistence was rewarded a few minutes later by two goals in quick succession. The first, emanating from Tam Kong-pak, was collected neatly and sent home by Fung King Cheong, the ball striking the upright en route, while Tam scored the second from a good opening made by Tay.

After the interval Club commenced to press and Howe cleverly intercepted a pass to score.

The Club's work was nullified, shortly afterwards, however, when Tam again netted with a cross-wise effort which had Rodger beaten.

After this period Club played better but their charges were continually being repulsed by the good work put in by Li and Lau Mau.

Kowloon lost to Police by two goals to one. Police put up a show well below their standard of play. Kowloon attacked from the start and Perkins was tested in quick succession. Continuing the attack Kowloon went ahead Jones beat Perkins with a cross shot.

With only the keeper to beat the Police forwards shot wide on several occasions and when a penalty was awarded to them Moos failed to convert. The same player, however, made up for it by scoring a nice goal shortly after to equalise. Just before the breather G. White had bad luck. A good movement between Jones, G. White and Elliot almost resulted in the latter scoring but Pile (Chris) was there to do the damaging work. The Police were practically all over Kowloon in the second half, but with open goals, missed chance after chance.

Eventually the Police took the lead when Stevens took a long shot which struck the crossbar and rebounded into play and Johnston rushing up, sent the leather into the net to give the Police both points.

SECOND DIVISION

China Athletic and Club played a drawn game of two goals all the latter had had luck when awarded a penalty. Lo Wai Kuen and The Tor Liu scored for the Chinese in the first half with Duncan reducing the lead for the Club. After the interval Club played better and Fowler equalised. Both sets of defences were on top.

The Gunners were all over Eastern but did not score until the last fifteen minutes of the match. Poor shooting and slow methods being responsible. From a shot by Leach which rebounded off the keeper Sparks

THE CYCLING CLUB

A Review Of Colony Cycling

Cycling was unknown as a hobby in the Colony until the formation of the Hong Kong Cycling Club in the Spring of 1934, a beginning largely due to the efforts of Mr. H. A. G. Keates. April saw the first organised runs, of which the Club arranged 37 before its disbandment in December. Places such as Shum-Chun, Sha-tau-kok, Un-long and Castle Peak were frequently visited, in addition to explorations of Shatin Pass, the Shing Mun Valley, Sai-kung area, Lye-mun and in the vicinity of Chung-mi. The cyclists were always to be found pedalling their way towards local items of interest in all weather.

July brought a new note—the competitive spirit! Six distances have in all been attempted; only one of the initial three established on that first evening remains undefeated, this being the 20 miles figures of 58m. No other attempt has been made over the course. Another "solo" figure is that of 30 miles in 1h.31m.25s. The 5 miles time stands at 14m.35s. The 10 miles figures were less exploited and the time is 27m.35s. (21/75 m.p.h.). The 15 miles figures are 42m.34s.

The remaining distance, 25 miles saw the keenest fight of all. After several attempts by many competitors the record now stand at 1hr.13m.30s.

Meanwhile club runs were still being promoted weekly. Opposition also came into the picture with the formation of the Hong Kong Wheelers in September. The two Clubs progressed amicably together, and it was with great surprise, therefore, that the announcement of the disbandment of the Cycling Club was received in mid-December. The remainder joined forces with the Wheelers or retired from further activity.

The Wheelers meanwhile had progressed steadily since their formation. In less than a month a membership of 50 was reported. In the main military exponents of the sport. Enthusiasm was the keynote of this organization. Though few members possessed their own machines and were forced to hire cycles, attendances on the runs were high, and considerable distances were covered.

The benefits of the amalgamation were soon apparent. By Christmas the famous old English title of "Wheelers" had been discarded in favour of the more explanatory name of the original body.

The last month has seen steady and quiet progress. Runs attendances are moderately fair. Distances have at times been quite long—a return ride to Nantau via Shum Chun was made on one occasion whilst on another a party reached Wong-tin via Nantau and returned to Hong Kong on the Sheh-kow steamer. Several circuits of both the Island and the Mainland have been carried out, whilst a keenly contested Tourist Time Trial was successfully promoted yesterday.

THIRD DIVISION

R.A.M.C. were too good for the Ordnance and emerged winners by three goals to one. Pim scored for the Medicals just before the interval and Youd added just after the breather. Following pressure Boden reduced the lead but toward the close Wright added another for the Medicals.

CHARITY

The Hong Kong School Boys were too good for the Mainland School Boys and were victorious by four goals to one in their annual encounter on the Kowloon ground on Saturday. The Hong Kong boys played better football, their combination and speed had the Kowloon boys guessing time and again. The defence played up well together.

BOXING

Finals Of Fleet Championship

The finals of the China Fleet Open Boxing Championships on Saturday drew a full house at the China Fleet Club Theatre.

Although the semi-finals did not provide anything very sparkling the finals were quite exciting, the contestants giving a very good exhibition.

At the conclusion of the programme, before presenting the prizes, His Excellency the Admiral paid a tribute to the very fine show that the competitors had put up. He complimented Capt. Manners, the Chairman of the China Fleet Boxing Association, and all the officials on the efficient manner in which the tournaments had been run.

At the end of the prize distribution, cheers were accorded to the General and to the Admiral.

TRAINING GALLOPS

Many Griffins Sent Over Full Derby Distance

Quite a number of ponies were sent over the full mile and a half on Saturday, but there were no starting performances. Estover returned 3.26, which was the best gallop of the morning, although the finish was very slow. King's Jubilee more impressively at the end of his gallop and the last quarter of 30 seconds was quite convincing. Mersey and Ythan went over a mile together and both moved very well. Mr. Eu Tong Sen's Rousseau was another which seemed to like his work. Herod's time is worth studying.

In the sub's class good gallops were registered by Sci-fa, Valley View and Tin Ho. The last named returned the best time of the three, but his finish was far from good, while on the other hand Sci-fa finished handsomely.

None of the Australians did any fast work. Mr. Leo Frost tried out Got That for the first time, but the gallop was very slow.

The times clocked on Saturday were as follows:—

TRIANGULAR RUGGER

Navy's Big Win Over Army

Playing against the Army in the final game of the Triangular Tournament, the Navy won by a big margin, coming away with three goals and five tries (30 points) against a single try by the Army (3 points).

Among the large gathering which witnessed the game were H.E. The Governor, Sir William Peel, H.E. Admiral Sir Frederic Dreyer, H.E. Major General O. C. Borrett and Captain E. Manners R.N.

Hammet played an outstanding game for the Naval side, while Benson again gave a good exhibition. He was well supported by St. Clair Ford, Forbes and Cheyne. The Navy opened their score through Ford, who receiving from Benson, crossed over in a favourable position, from which Roomer easily converted.

Roomer and Cheyne were others who scored in the first half, while in the second half the Navy collected a glut of points through Forbes, Baird, St. Clair Ford, Benson and Galletley.

The Army's only score came from Floyd in the first half, who broke through on the right, punted ahead for Gilmore to fall on the ball and score. Metcalf failed to convert.

INTERPORT SIDE WINS

The Hong Kong Interport Rugger fifteen, playing together as a whole team for the first time, easily accounted for "The Rest," winning by six goals and three tries against two tries by The Rest.

The speed and combination of the Interport side augurs well for Hong Kong's chances against Shanghai. Lammert, McGilchrist and Riggs being a very fast combination against which "The Rest" could do nothing. On many occasions these three broke right through the defence of their opponents before the latter had quite realised what had happened. Bradford, McLeellan, Walkden and Hutchison were others who played brilliantly while Archer was very speedy on the right-wing.

The Teams

Lieut. Comdr. Dendy refereed and the teams were: Interport XV:—G. P. Lammert; S. C. Archer, W. H. B. Riggs, R. H. Griffiths, and H. R. McGilchrist; J. Hutchison and H. C. Mecke; A. F. Walkden, W. E. Peers, H. O. Bramble; I. H. Bradford, L. G. Robertson; D. McLeellan, J. C. Millar and K. A. Munro.

MINORITIES QUESTION INDIFFERENCE

League Council Meeting
Difficulties

Geneva, Jan. 19.
Poland's attitude on the minorities
question was apparently un-
altered when the subject came up
yesterday at the League of Nations
Council meeting.

The Polish delegate left the room
and returned only when the next
item was reached.

Both the Italo-Abyssinian and
the Iraq-Persian frontier disputes
are encountering difficulties, owing
to the Italians in the "one case"
and the Persians in the other.

TREASURY BILLS

London, Jan. 18.

The total amount applied for
in tenders for £25,000,000 Treas-
ury bills was £82,625,000. The
maximum amount was allotted in
bills at three months. The aver-
age rate per cent. was 5/4.55d, as
compared with 6/1.7d a week
ago.

REFUGEE PROBLEM

(Special to the "Hong Kong Daily
Press" (Copyright).)

Geneva, Jan. 18.

The League Council decided on
Friday at the request of France to
put the Saar emigrants on the
agenda of the next public sitting.
The French memorandum dealing
with this matter was handed in
to the League of Nations Secre-
tariat on Friday and insists (in ac-
cordance to repeated statements
made by M. Laval and other
French spokesmen within recent
days) that in the event of the Saar
emigration assuming greater pro-
portions, it will devolve upon the
shoulders of the League to at least
accept part responsibility for
their care.

MAX BRAUN BRIDLED

(Special to the "Hong Kong Daily
Press" (Copyright).)

Paris, Jan. 18.

Although Max Braun, leader of
the abortive status quo movement
in the Saar, has been in Geneva
for the last 24 hours he received
intimation from the French Gov-
ernment on Friday forbidding him
to speak at the anti-Fascists meet-
ings arranged to take place in Paris
on Friday evening. It is under-
stood that the Ministry of Interior
consider this action necessary in
order to pacify a large section of
Paris opinion which is disturbed
by newspaper reports that the
Saar separatists intend to carry
on propaganda in Paris.

THE SHARE MARKET

January 19th.

Mr. G. A. Harriman's weekly
share report and market review
issued at noon states:-

We experienced another quiet
market during the week under
review with prices ruling very
much easier, and trading was
rather slow. The feature of the
week was the sharp drop in Hong
Kong Electric which declined from
\$72 1/2 to \$70 1/2 sellers. Hong
Kong Lands again receded a
little with business done at
\$51 1/4. Telephones (old) were
steady at around \$25 1/2 and Hong
Kong Trams at around \$20.40.
Wharves, however, appreciated to
a buying rate of \$112. In the
Sterling section, Hong Kong Banks
changed hands at the reduced
rate of \$1.570 and Unions eased
off with shares offering at \$495.
Minor issues were generally easier.
Hotels eased to \$5 and Lights to
\$10.00. Cements opened with sales
at \$2.05 closing in demand at
\$1.95. Realities had sellers at \$5.10
and Providents (old) at \$1.40.
The demand for Philippine Mining
shares still continued with Anta-
moaks done at rising rates from
89 cts. to \$1.00. Baguio Gold
came to business at \$7 3/4 cts.
and Gold Rivers at 23 1/4 cts.
The tone of the market at the
close is very quiet.

BERLIN BOURSE

(Special to the "Hong Kong Daily

Berlin, Jan. 19.

Operators played for safety at
the week-end, profit-taking being
general on the share market where
a price sag would have occurred
had it not been for a quantity of
new buying orders that steadied
the market.

Fixed interest securities contin-
ued very firm. Call money 3 per
cent. During the whole week, the
share of the fixed interest security
markets were dominated by the
historical events in the Saar. The
announcement of Tuesday's sweep-
ing victory for the re-incorporation
of the Saar sent prices soaring,
many touching record levels. An-
other spurt occurred late on
Thursday when the hitch over fix-
ing the date of the Saar's return to
the Reich was smoothed out.
Prices surged up again on Friday
when the League of Nations de-
finitely fixed March 1 as the date
for the Saar's return. Consequent-
ly the most important shares closed
higher than at the beginning of
the week, while all fixed interest
securities are firmer. The week
ended quietly but the market
shows no tendency to break.

PAPER AND PULP

Canadian Industry Faces A Crisis

Japan exports twenty million
yen worth of paper a year, and
imports some four million yen
worth. Imports of pulp are forty
millions, but the greater part of
that is silk pulp. All is not quite
happy in the pulp paper trade,
however. In Canada, the biggest
producer of pulp, the newsprint
industry is engaged in fighting the
biggest battle of its chequered
career, a veritable fight for exis-
tence in fact. It is endeavouring
to secure a higher price for its
product on its 1935 contracts, as
compensation for the increased
operating costs thrust on the in-
dustry as a whole. Without this
increase it is doubtful if a single
mill can pay operating costs. The
United States market is the prin-
cipal outlet for Canadian news-
print. For the past year the price
to the domestic producers has been
\$40 a ton, regarded at the time it
was established as the bare mini-
mum. But during the year, costs
have increased substantially,
mainly labour, and the old rate no
longer suffices. The industry itself
had worked on a plan of pooling
contracts in order to prevent the
ruinous price cutting that has
been the bane of the industry in
the past. Fair headway was being
made, when one unit reported that
it had taken a 30,000 ton contract
from two United States publishers,
on condition that the rate should
be maintained by the company
throughout 1935. This action seemed
to jeopardise the industry's pros-
pects of obtaining a price boost, and
Premier Taschereau, of Quebec,
has threatened to appeal to the
Federal Government for an em-
bargo on the export of newsprint,
when sold at under production
costs. But the situation is being
treated in different manner for
the time being, with all parties
seeking to effect a conciliation.

THE FREIGHT MARKET

Tentative inquiries are circulating for Canadian grain from the open ports on the basis of 1s. 6d. per qr. to the United Kingdom, but business is slow to develop for miscellaneous cargoes from the United States Atlantic ports. Charterers however, are inquiring for further tonnage for lumber and general cargoes from the North-Pacific to the Far East. Business for Australian grain has been confined to the fixing of another two sailing vessels from Southern ports to the U.K./Cont. at the unchanged rate of 25s. No interest is shown for soya beans, owing to the difficult state of the commodity market, but a 7000-tonner for early January cancelling has been fixed for rice from Saigon to picked French ports at about 32s. Business is quiet for kernels from the Madras Coast. First-hand South African maize prices are above the United Kingdom parity, and in consequence shippers show little or no interest in tonnage. There is no improvement in the demand for grain carriers from the Black Sea, but a 6300-tonner for early February has been fixed for coal from at 10s. 6d. There has been a resumption of chartering for Egyptian cottonseed, and January tonnage has been fixed from Alexandria to Hull at 7s. 9d.
